Fertility Law 2024: *Critical and Emerging Issues*

Fertility law is increasingly complex, even for the experts. Mistakes can be critical. And costly.

Counsel and other professionals who work in this area need a solid grounding in the basics, while ensuring they are current and informed about the emerging issues.

Over one intensive day, our multidisciplinary faculty of international experts will provide you with the key information and practical strategies you need to navigate this complex area. Discover why this biannual conference has become the must-attend event for fertility law professionals.

Topics Include

- When the love (or life) is gone: fertility law implications upon death and divorce
- Screening in 2024: what you need to know to advise your clients
- What is a Canadian lawyer's role when your clients go international (and how to best protect your client from afar)?
- Avoiding and navigating the common (and not so common) pitfalls
- Egg and sperm donation – ensuring intended parents have secure parentage rights and other drafting challenges

Who Should Attend

- Family Law lawyers
- Health lawyers
- Fertility Law practitioners
- Wills and Estates lawyers
